Casco Point Neighborhood Road Construction – Initial Meeting
May 21, 2008

Neighborhood Input Sheet

By answering these questions you will be providing key ideas for the Concept Stage of the road construction project. These ideas will be considered as possible elements of the Preliminary Design. .

1. Considering the special character of the Casco Point neighborhood, what guidance would you like to give about the road construction that would help maintain key aspects of the neighborhood? What changes would you like to see to enhance the neighborhood?

2. What issues, particular to your property, would you like included in the Preliminary Design?

3. Would you prefer the road construction project to be completed in:

   _____ one year _____ two years

To ensure that the Engineers can contact you regarding your suggestion/concerns, please provide your contact information.
