## CONSTRUCTION UPDATE May 11, 2021

### Walters Port Watermain Improvements

- The contractor plans to start removing the watermain on Wednesday (5/12). They will need to perform a water shut off from 9 a.m. – 1 p.m. on Wednesday May 12th so they can replace a valve. The residents will be placed on temporary water after the new valve is installed. They will remain on temporary water till the project is complete. It will take them 1-2 weeks to replace the entire watermain. Expect one more water shut off later in the week or early next week so one more valve can be replaced.

We apologize for any inconvenience this may cause you. If you have any questions or concerns during construction, please call the project inspector:

- **Luke Connor with Bolton & Menk – (507) 995-0465**

*Thank you for your continual patience and cooperation throughout the process of improving your street and utilities!*
