## Exhibit C Utility Rates and Fees

### ALL SANITARY SEWER AND MUNICIPAL WATER CONNECTION CHARGES

Connection fees have been determined as a way to provide a fair and equitable recovery of the costs associated with providing water and wastewater utility services to new customers to avoid placing these costs on existing customers. The connection fee includes those portions of existing assets that will benefit new customers together with any anticipated future capital improvements constructed for the purpose of providing utility services to new customers. The connection charge applies to those properties not previously assessed for the associated utility project.
